

Thank you for purchasing the ozone faucet, ozone is a naturally produced substance from oxygen atoms and is combined with water to produce ozone water. Our patented technology and mixing of ozone water gives this product a unique place in the kitchen. Ozone is three-thousand times stronger than chlorine and can disinfect effectively in a few seconds, remove bacteria, pesticides, odors, keep fruit, vegetables and meat fresher and provide ozone water for cleaning all your kitchen surfaces.

Product features

Considerate: Large flow volume and limitless usage.

Eco friendly: Natural germicide, no chemical storage required.

Safety: Auto shut off when ozone generator is not in a vertical position.

Convenience: Ozone sterilization operates when turning on taps.

Hi-Tech: Exclusive water-air combination technology.

Stylish: Ozone generator is located under the sink or basin to ensure aesthetic looking of the tap.

Application

eliminate bacteria maintain freshness remove pesticide reduce odors disinfect tableware oral hygiene care

One-year limited Warranty: effective from date of purchase

Warranty does not cover:

1. Damage caused by human error or incorrect installation.
2. Unauthorized disassembly or modification of ozone generator.
3. Damage caused by nature disasters.
4. Ozone generator immersed or soaked in water and leads to damaged internal circuit board.
5. Use of non genuine parts.

Tools

A

Parts Description

- 1 Aerator
- 2 Tap Body
- 3 Plastic Mounting Plate
- 4 Metal Mounting Plate
- 5 Fixing Screw
- 6 Hex Fixing Nut
- 7 Blue Stainless Steel Hose
- 8 Red Stainless Steel Hose
- 9 LED Wire
- 10 Silicone tube in a protective hose
- 11 Ozone Anti-bacterial Generator
- 12 AC Adaptor

Tap Specification

Ozone 3 Way Single Lever Kitchen Tap

O3-SKO-01-SN
Size: 215(L)x425(H)xØ40±2mm(I.D.)

Ozone 3 Way Twin Lever Kitchen Tap

O3-TKO-01-SN
Size: 215(L)x425(H)xØ40±2mm(I.D.)

Ozone 3 Way Single Lever Basin Tap

O3-SLO-01-SN
Size: 160(L)x320(H)xØ40±2mm(I.D.)

Installation Conditions

Water pressure: 2.5kg/cm²~5kg/cm²
Water temperature: 4°C~80°C
Environment temperature: 5°C~50°C
Mounting hole dimension: Ø40±2mm

Ozone Generator Specification

kona. Ozone Generator

Model	OZ-1000
Input Voltage	DC 12V ⊖ ⊕ ⊕
Power Consumption	6.0W(MAX)
Size(HxWxD)	186x125x42(mm)
Serial Number	see label on generator at backside

NOTICE: Warranty Will Be Invalid With Unauthorized Disassembly

NO.29, Tou Lun Lane, Tou Lun LI, Lukang Town, Changhwa 505, TAIWAN
